COUNSELLOR

Counsellor's remarks

Demo is a steady, people-oriented learner who takes in information best by listening (auditory 42.9%) and expresses it well in words (linguistic 16.1%, the strongest intelligence).

Left and right brain are close to balanced (54.4% / 45.6%), so Demo can handle both structured and creative work.

Commerce (36.2%) and Science (34.0%) are almost level, and Investigative is joint-highest with Social in RIASEC (18.5%), so Science should not be ruled out before Class 10.

Social is the top RIASEC type and leadership is 60% relationship oriented: roles that involve guiding, teaching or helping people will feel natural.

Parents to encourage reading aloud, group discussion and one hands-on project each term, and to avoid comparing Demo with siblings or classmates.

AGREED GOALS

1	Read aloud for 20 minutes daily and summarise it in own words
2	Join the school debate or quiz club this term
3	Complete one hands-on science project before the term ends
